UR FOG
**SECURITY FOGGING SYSTEMS**

AJAX READY

Anti-intrusion system needs to be connected to a central alarm. A central alarm system increases the security due to the installation of the anti-intrusion fogging system.

MODULAR AJAX READY

Wall or ceiling installation

Desk stand

3 WIRELESS ACTIVATION MODES OF THE FOGGIN SYSTEM

1 MOTION SENSORS

By motion detection and door/window opening detection sensors, the fog emission is automatically activated

2 PHOTO VERIFICATION

The **MotionCam** camera motion detection takes a series of animated pictures and sends them for an accurate assessment of the situation; in casy of actual need, not a false alarm, the fog emission can be active remotely

3 ANTIPANIC / ANTI-ROBBERY

If needed, it is possible to activate manually the Fogging System, thank to the keyfob with **SpaceControl** antipanic button, the **DoubleButton** emergency button and the **Button** antipanic button, when the system is not armed

QUICK INSTALLATION!

No cables or connections required. Ready for wireless use.
Excellent high-tech solution at lowest price.
